The Board of Directors
Savings Banks Employees Retirement Association:

We have audited the accompanying Statement of Net Assets Available for Plan Benefits of the Savings Banks Employees Retirement Association ("SBERA") 401(k) as adopted by Westfield Bank (the "Plan") as of December 31, 2003 and 2002 and the related Statement of Changes in Net Assets Available for Plan Benefits for the years then ended. These Financial Statements are the responsibility of the Plan's Trustees. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of December 31, 2003 and 2002, and the changes in its financial status for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**SBERA 401(K) PLAN
AS ADOPTED BY WESTFIELD BANK**

Notes to Financial Statements

(1) Description of Plan

The following brief description of the Savings Banks Employees Retirement Association ("SBERA") 401(K) Plan as adopted by Westfield Bank (the "Bank") is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan is part of the SBERA 401(k) Savings Plan Common/Collective Trust (the "Trust"). Under the trust agreement, the Plan owns a portion of the net assets of the Trust. Within the Trust, each Plan's assets are jointly invested and the return on the assets is allocated monthly to each Plan based on the percentage of ownership each Plan had in the Trust's net assets at the end of the prior month. Contributions made to and benefits paid from the Trust for the Plan result in increases or decreases in the Plan's ownership percentage in the net assets of the Trust.

The Plan is a defined contribution Plan covering substantially all employees of the Bank. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation

To become eligible for participation, an employee must be at least age 21 and must have completed three months of service for deferrals and one year is required for employer matching. Upon reaching retirement age, a participant can direct distribution of balances under several options described by the 401(k) Plan document.

Participants may contribute between one and seventy five percent of their annual earnings on a pretax basis, subject to maximum annual limits. Participants may change their investment options daily. The bank may also match a portion of the employee's contribution as outlined in the Plan's adoption agreement.

Withdrawals

Participants may withdraw contributions only after attaining 59 ½ years of age, termination of service or, subject to the consent of the Plan Administrator, in the case of financial hardship. Upon termination of employment, retirement or death, all salary deferrals and the vested portion of employer contributions are payable to the participant or his/her beneficiary.

Vesting

Participants are at all times 100% vested in their own contributions to the Plan. Employer contributions, if any, will be vested according to a three year Cliff vesting schedule elected by the employer in the Plan's adoption agreement.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 % vested in their accounts.

Notes to Financial Statements

(1) Description of Plan (continued)

Participant Loans

Loans may be made to participants when directed by the Plan Administrator upon request by the participant. Each loan shall bear interest at the prime rate, as published in the *Wall Street Journal* on the last day of the previous month prior to the origination of the loan, plus one percentage point. The rate is fixed for the duration of the loan. Interest and principal are repaid and credited to the participant's account based on his/her current investment choices.

The maximum loan amount is one half of the participant's vested 401(k) account balance, not to exceed fifty thousand dollars. The minimum loan amount is one thousand dollars. Loans are repayable over a period of up to five years and in the case of residential real property up to twenty years.

Benefit Payments

Benefits are recorded when paid.

Investment Options

Participants may direct the investment of their deferrals and any employer matching contributions to any of nineteen investment accounts, in accordance with the participant's election. Earnings in these funds and/or market gains or losses are reflected in their changing unit values or returns.

Money Market Account

A portfolio of U.S. Treasury or agency obligations with maturities of six months or less.

Equity Account

A diversified portfolio of domestic and international stocks.

Bond Account

A portfolio of U.S. Treasury obligations and other obligations guaranteed by the U.S. Government or its agencies.

Asset Allocation Account

A portfolio of domestic and international common stocks, bonds and money market investments.

Index 500 Account

A portfolio of domestic stocks based upon the *Standard & Poor's 500 Composite Price Index*.

Small Cap Growth Account

A portfolio of common stocks of small to medium sized companies.

International Equity Account

A portfolio of international equity securities.

Notes to financial statements

(1) Description of Plan (continued)

Fidelity Enhanced Index Account

A portfolio of domestic stocks based upon the *Standard & Poor's 500 Composite Price Index*, invested only in stocks held by Fidelity Investment's mutual funds.

Employer Stock Index Fund

A unitized portfolio based on the value of the employer's bank stock.

Large Cap Value Account

The Large Cap Value Account investment philosophy combines detailed fundamental research, bottom-up stock selection, portfolio construction, and disciplined management of portfolio volatility to achieve strong risk-adjusted returns over full market cycles.

Mid-Large Cap Value Account

The investment objective of this account is to seek a superior total return with only a moderate degree of risk. The account seeks to achieve its investment objective by investing primarily in U. S. Dollar-denominated equity securities of companies with market capitalizations of at least \$2 Billion. The account seeks to achieve a total return greater than the S & P 500 over a full market cycle and indices comprised of value-oriented stocks over shorter periods.

Small Cap Value Account

A domestic common stock portfolio comprised of value-oriented stocks whose sector weights are relatively similar to those of the Russell 2000 Index.

LifePath Accounts

LifePath Retirement, LifePath 2010, LifePath 2020, LifePath 2030, LifePath 2040.

These funds are designed for participants who would rather leave their 401(k) account asset allocation decisions to a professional investment manager. The number indicates the approximate year the participant plans to start withdrawing their money. The fund with the highest number is made up of the most equities, since the time for withdrawal is the furthest away.

Certificates of Deposit

The sponsoring employer has certificates of deposits of the bank available for their participants when requested. This will vary by institution.

Notes to financial statements

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan have been prepared on an accrual basis and are in conformity with accounting principles generally accepted in the United States of America. Participant accounting reflects balances on a cash basis.

(b) Valuation of Investments

Investments consist of assets held in The Savings Banks Employees Retirement Association Common/Collective Trust and are valued at their fair market value as of December 31, 2003 and 2002. Participant loans are valued at cost, which approximates market value. The Trust reports bonds and other obligations, short term investments and equity securities at fair values based on published quotations. Interest earned is recorded on the accrual basis. Dividends are recorded when received. Purchases and sales of investments are recorded on a trade date basis. Gains and losses on the sale of investments are calculated using the average cost method.

(c) Use of Estimates

In addition, the preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make significant estimates and assumptions that affect the reported amounts of assets at the date of the financial statements and the reported amounts of changes in net assets available for Plan benefits during the reporting period. These significant estimates include the accumulated plan benefits and market values of investments. Actual results could differ from those estimates.
